

Dressing Rooms - Capacities

Every dressing room has been assessed as to the maximum number of occupants. It is important that hirers do not place more than the maximum number in any dressing room as Health and Safety would thus be compromised to an unacceptable level. Theatre staff will insist on these maxima.

Companies of up to 62 can be housed in the Hazlitt dressing rooms (though don't expect it to be comfortable at those numbers!), and companies of up to 27 can be housed in the Studio dressing rooms. If you need to use more than your allocated number of dressing rooms, this may be possible as all spaces are within the same building. The use of other rooms will incur a charge, so it is essential to assess dressing room allocations in advance and book whatever rooms you require.

Please note that for under-18s, all dressing rooms should be single-sex occupancy. Please note also that under-16s will require chaperones and we must be informed, upon arrival, of the name of your head chaperone.
